

What other people are saying about Intraceuticals

Dr. Earl Minuk
Board Certified Dermatologist
in both Canada and
United States

"We've experienced excellent results following laser treatments and facials peels.

The hydration appears to add comfort and reduce downtime.

The Intraceuticals Oxygen Infusion has added another dimension to my Dermatology SkinClinics and led to the opening of our MedSpa division.

Clients seek treatments prior to holiday events, weddings and gala events and as an addition for everyday skin care."
