Kris Evans Makeup Artist

films include Sex and the City, Pirates of the Caribbean, X-Men: The Last Stand

"I have been a professional makeup artist for over twenty years. I have been involved in every aspect from fashion to television and feature films. I have had experience with practically every product on the market. My clients are used to the latest and greatest in skin care and makeup. I am very excited about Intraceuticals and how fantastic the treatments make the skin look.

My most recent projects have been 'Dirty Sexy Money' and 'Sex in the City', The Movie. On Dirty Sexy Money I gave treatments to many of the cast members before applying makeup and there was a remarkable difference in the final results. On Sex in the City, the movie, I did treatments on Sarah Jessica Parker and Kristen Davis and again the results were fantastic.

I worked in Beijing for many on-air talent for the Summer Olympics and look forward to using Intraceuticals on all of my clients. After long hours of travel this treatment helps to freshen skin and help with the makeup application."
