

Allunique celebrates Mother's Day with promotion of its newest therapy

KUCHING: In conjunction with Mother's Day celebration, Allunique is having a promotion package at RM198 only from May 7 to 9, whose normal price is RM810.

The group's newest and exclusive addition to its family of therapies is O2 **Intraceuticals** Hyperbaric Oxygen Infusion Therapy, a non-invasive treatment breakthrough to address fine lines, wrinkles and dramatically enhances overall hydration to a whole new level of luxury and indulgence.

TREATMENT DEMONSTRATION: Salma demonstrating the beauty treatment during the launch in conjunction with Mother's Day promotion.

Members of the press and media along with exclusively selected customers were gathered to witness the introduction of **Intraceuticals** in Kuching by Salma Peerthy, Training and Account Manager (Australia) from Intraceuticals yesterday.

Peerthy brings with her over 10 years of experience in the beauty industry and as an aesthetician both in Australia and Europe.

Here in Kuching, she shared her enthusiasm and in-depth knowledge with invited guests on the **Intraceuticals** Hyperbaric Oxygen Infusion Therapy, a non-invasive treatment breakthrough to address fine lines, wrinkles and dramatically enhances overall hydration.

The highlight of the day was the Hyperbaric Oxygen Infusion Therapy where instant and visible results such as reduced fine lines, wrinkles, erythema (redness of the skin), instant hydration, plumping and lifting effect, tight skin, stimulated circulation and increased oxygenation to the skin could be seen within 30 minutes.

This treatment is widely used by celebrities like Madonna, Eva Longoria, Heather Locklear and Justin Timberlake to name a few.

Besides these well known personalities, it is also commonly used by dermatologists, plastic surgeons and at high profile spas all over the world.
