

Intraceuticals Infusions now in India

The Australia-based skincare line popular for refining the skin, [Intraceuticals](#) Infusions is now in India. Distributed through Bengaluru-based Medihauxe International, the infusion is primarily an oxygen therapy which is a unique non-invasive treatment that addresses skin-related issues like fine lines, wrinkles, hydration and pre-mature ageing.

Much sought after by Hollywood and Bollywood stars like Madonna, Preity Zinta, Naomi Campbell and several more, [Intraceuticals](#) is the first ever company to apply pressurised, therapeutic-grade oxygen in addition to targeted serums directly to skin.
