

## The artifice of an ever-younger face: Experts take a closer look at the Material Girl

### FOREHEAD

What she says:

This week, Madonna was snapped arriving at JFK Airport looking remarkably fresh-faced and youthful for her age. But the singer insists she has not had any cosmetic procedures:

'I am what I am. And I don't like the idea of someone putting you to sleep then taking knives to you' ...

### SKIN

What she says:

She also confesses to being hooked on 02 [Intraceuticals](#) skin infusions, a facial oxygen therapy which uses hyaluronic acid serum that, applied with a pressurised oxygen machine, plumps out the skin to create a glowing, more youthful appearance.

'I love the treatments. So does my face,' she enthuses...
