LUXE BEAUTY

TRIED & TESTED LUXURY FACIALS

Putting their skin in the hands of some of the country's best aestheticians, beauty therapists and facialists, the *Social & Personal* panel of beauty buffs have scoured the salons, spas and beauty rooms of Ireland in search of the best luxury facials the country has to offer...

3 BEST ANTI-AGEING

Intraceuticals Infusion Treatment, €150 (Medico at Revive, Milltown, 01 2604781)

Dubbed 'The Hollywood Secret', Madonna is said to adore this facial that uses a high-powered infuser to help customised serums penetrate the skin on a deeper level. Our tester adored the results when the aesthetician showed her the results of half her face before doing the other half. Hydrates, firms and tightens like no other non-invasive treatment on the market.
