The new Aussie skincare invasion

BEAUTY
DIRECTOR'S
CUT

Australians endure the strongest sun in the world so for them skincare is a huge deal. And now that the best of Aussie skincare is finally hitting our shores, we can benefit from the same effective, science-based, yet gentle formulas. Here are the skin saviours worth shouting about:

1. INTRACEUTICALS REJUVENATE DAILY SERUM, £192.95

Intraceuticals has mastered the art of intensely effective anti-ageing products. This hydrating and toning serum reduces the appearance of fine lines and plumps skin. No wonder Madonna is a fan.
