## The treatment: beauty treatment of the week

We bring you a fabulous new beauty treatment,  
tried and tested, every week.

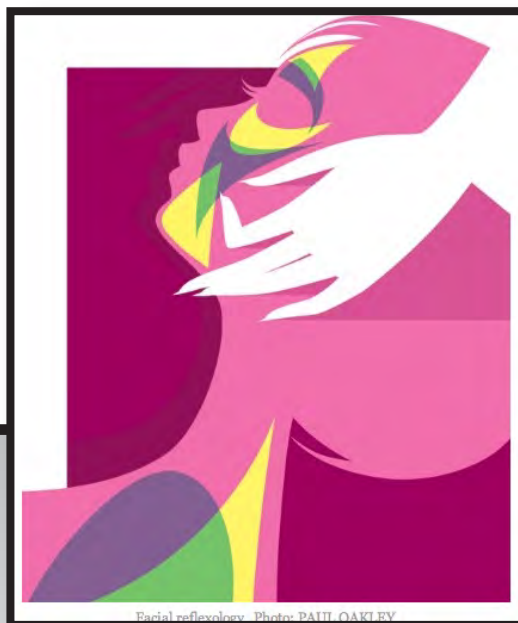

### 02 INTRACEUTICALS FACIAL

For an instantly better-looking face, book in for an 02 **Intraceuticals** Facial with Julia Hart, at the Hale Clinic in London. After applying a concoction of calming serums, she gently strokes a little device over your face that 'pushes' oxygen deep into the skin.

The pure element works incredibly well as a boost for the complexion, making it the perfect pre-party treat. £150 for 50 minutes.
